

GLASS REPAIR SERVICE OTTAWA

Ottawa Window Medics have a solution for your window and door needs. We guarantee that we will make it our top priority to correct your problems and restore your peace of mind. Whether it's a completely new window installation, glass replacement, defogging, a new door, routine maintenance, or any other problem, we can provide timely solutions that work for you.

About Us

Ottawa Window Medics offers a solution for every problem with your windows and doors because they are industry specialists. We have the knowledge and experience to assess if your window or door needs to be fixed or replaced. When you have a problem with your windows or doors, you may be concerned about your home's security or property damage.

WINDOW RESTORATION

As a result of the impact of sunlight on your windows and seals, all double- and triple-pane windows are designed with a limited life span in mind. While some companies may offer window replacement as your only option, our skilled technicians at Window Medics can defog and restore your windows to their original condition. We guarantee that we will make it our top priority to correct your problems and restore your peace of mind.

DOOR REPAIR & REPLACEMENT IN OTTAWA

Ottawa Window Medics have the answer and technical expertise to help you with the replacement glass, new high-quality windows or doors, or repairs. Call us at 613-519-1317 right now. We'll come out and offer you a quote straight immediately. There is no obligation, but we are confident that you will be pleased with our rates. Inquiries can also be sent to ottawa@windowmedics.com.
